

Maine's Association of School Business Officials provides corporate/vendor members annual opportunities to build relationships with school business officials across the state.

For the 2024-2025 fiscal year, these updated opportunities are:

- ✓ Quarterly meeting breakfast sponsorship which provides a 15-minute opportunity to present educational information that will assist MeASBO members in successfully meeting their challenges in your area of expertise. Breakfast sponsorship also includes the ability to host an informational table for the duration of that day's meeting. The cost of breakfast sponsorship is \$350 and a company must be a paid vendor member to take advantage of this opportunity.
- ✓ Quarterly meeting table hosting, providing the opportunity for a vendor to set up an informational table once per year at a quarterly meeting; there is no additional fee for this beyond annual membership dues. Vendors representing the same or similar product/service would not be scheduled on the same date.
- ✓ A vendor member may be requested by MeASBO to prepare an educational presentation for a quarterly meeting in their area of expertise to help fulfill contact hour requirements for SBO Certification candidates; for example, an audit firm may be asked to present on audit preparation.
- ✓ Any vendor member is welcome to prepare an educational presentation for a webinar; webinars are held in months when our organization does not meet in person.
- ✓ Participation in our "Vendor Member" forum. The forum is accessed through your MeASBO membership account on our webpage at [www.measbo.org](http://www.measbo.org) The guidelines for posting to this forum are the same as those for meeting breakfast sponsorship:
  - ✓ Posts should be informational to assist school business officials with their everyday challenges
  - ✓ No hard salesThe forum will be moderated to ensure that posts adhere to the guidelines and school unit members will be able to read and respond to your posts.
- ✓ A vendor member may author an educational newsletter article once per year. The article will be reviewed and may be edited by MeASBO prior to publishing, similar to the process for "forum" posting indicated above.

Vendor memberships are \$600 per fiscal year (July 1 through June 30) and may be initiated by reaching out to our organization's Executive Director, Joanne Allen, at [maineasbo@gmail.com](mailto:maineasbo@gmail.com)

The MeASBO Board of Directors appreciates your support and hopes that you will find these opportunities valuable.
